OFFER MORE OPTIONS WITH ELLUCIAN AND ACI® INTEGRATED PAYMENT PLAN™

Give your students and their families the freedom to make payments over time while increasing efficiency using real-time integration with Colleague and Banner by Ellucian. This real-time integration eliminates the need to create and receive files to keep records up to date.

For every ACI® Integrated Payment Plan™ enrollment, the system queries Colleague or Banner and can return the balance, estimated financial aid and eligibility groups. Part of ACI’s UP® Bill Payment™ solutions, Integrated Payment Plan posts the payment to update account information in your system. Enrollment and one-time payments can be configured to post in real time while all other payments can be batched and posted automatically.
THE MARKET CHALLENGE
One payments schedule does not fit all families. Schools need the freedom to offer multiple schedules for different programs. After establishing a payments plan, families expect to be able to easily change their payment dates and method online.

INCREASE REVENUE AND SAVE TIME
• Generate additional revenue by sharing in the payment plan fees
• Opt to provide lower fees to the students
• Easily deploy multiple plans at once, receive funds directly into bank accounts and avoid file creation and upload

DECREASE ERRORS USING REAL-TIME INFORMATION
• Perform real-time Colleague and Banner queries and validate account balances and pending financial aid
• See a list of eligibility groups you determine by testing the student’s record in the Colleague or Banner system
• Provide a sub-routine or computed column that can return the valid eligibility groups for the student
• Present the student with eligible payment plans

MAKE PAYMENT PROCESSING MORE CONVENIENT THAN EVER
• Configure your payment plan options, including due dates, plan groups, enrollment dates and next-day funding
• Let students and families easily make payments
• Process payments in both real time and batch
• Offer payment schedules to fit each student’s needs
• Give students the power to change their payment dates and method online
ACI Worldwide®, the Universal Payments® (UP®) company, powers electronic payments for more than 5,100 organizations around the world. More than 1,000 of the largest financial institutions and intermediaries, as well as thousands of global merchants, rely on ACI® to execute $14 trillion each day in payments and securities. In addition, myriad organizations utilize our electronic bill presentment and payment services. Through our comprehensive suite of software solutions delivered on customers’ premises or through ACI’s private cloud, we provide real-time, immediate payments capabilities and enable the industry’s most complete omni-channel payments experience.
