

DON'T PAY DOUBLE AND ELIMINATE 100% OF CARD FEES

To save costs on eCommerce, schools need a system that both offers the best integration with their Ellucian investment and eliminates card fees. Schools shouldn't have to pay twice for software licensing fees, and with ACI's Ellucian self-service and disbursements integration, they don't.

Plus, according to Creditcards.com, 93% of public and 78% of private higher education institutions avoid paying card fees completely. How? They partner with experts that eliminate 100% of card fees by adding a small convenience fee that students are happy to pay.
