

FEATURES AT A GLANCE

PRODUCTIVITY

- Collect more payments in person
- Take payments with iPad or iPhone
- Accept debit or credit cards
- Web-based reporting

SECURE AND EFFICIENT

- Magtek Udynamo secure card reader connects via headphone jack
- Take payments wherever there is a secure WIFI or cellular connection
- Card numbers encrypted at the time of swipe

COST EFFECTIVE

- Free card reader application
- Volume Purchase Program (VPP) lets you distribute the card swipe application

EASY AND SECURE MOBILE POINT-OF-SALE PAYMENTS

Deliver an engaging, efficient and secure way to accept payments in person with ACI Mobile Point-of-Sale Payments™. Just attach a card reader to an iPad or iPhone and use the free card reader application to start taking payments in more places than ever before. Part of ACI's UP® Bill Payment™ solutions, Mobile Point-of-Sale Payments gives you the easiest way to collect more.

THE MARKET CHALLENGE

Accepting payments in person can present many challenges, including long office lines and turning away payments because you can't accept cards. Mobile Point-of-Sale Payments addresses these issues and more. Most importantly, it increases payment amounts by 25% because consumers pay more with cards than with cash.¹

¹ Javelin Strategy and Research

SATISFY CONSUMERS AND COLLECT MORE

- Improve consumer convenience with easier ways to pay
- Eliminate long lines
- Accept card payments in places never before possible
- Look up or enter payment information details
- Review the transaction data before submitting a payment
- Send an email confirmation or provide a printed receipt

SIMPLIFY OPERATIONS WITH WEB-BASED TOOLS

- Simplify operations and save time
- Use a single administration tool, posting file and deposit for all transactions
- Get more visibility into mobile point-of-sale, web, IVR, call center and walk-in transactions with the Client Connect Enterprise Reporting tool
- See real-time payments information

IPHONE EXAMPLE

IPAD EXAMPLE

SECURITY AND COMPLIANCE PEACE OF MIND

- Put consumer minds at ease by encrypting card data at the time of swipe
- Ensure security at each swipe using the Derived Unique Key Per Transaction key-managed scheme
- Keep consumer information safe with payment pages that are PCI-compliant
- Eliminate the risk of transporting cash

ACI Worldwide®, the Universal Payments® (UP®) company, powers electronic payments for more than 5,100 organizations around the world. More than 1,000 of the largest financial institutions and intermediaries, as well as thousands of global merchants, rely on ACI to execute \$14 trillion each day in payments and securities. In addition, myriad organizations utilize our electronic bill presentment and payment services. Through our comprehensive suite of software solutions delivered on customers' premises or through ACI's private cloud, we provide real-time, immediate payments capabilities and enable the industry's most complete omni-channel payments experience.
