REAL-TIME DIGITAL
BANKING SERVICES.

THE NEED FOR SPEED

Both consumers and businesses are developing greater expectations for instantaneous, constantly connected services, and banking is no exception. Across all customer segments, people are in search of the next fastest, easiest way to manage their transactions, including services that enable real-time transfers and balance alerts, last minute bill payments, just-in-time stock management and more.

While banks realize the critical need to deliver on these expectations, there are enterprise-wide considerations to manage the IT, business and operational impacts.

DELIVER ON THE FUTURE — TODAY

The UP Immediate Payments solution is designed specifically to ease your transition from traditional batch processing environments to an efficient, full-featured immediate payments infrastructure that readily supports the innovative products and services your customers demand today – and in the future.

Based on ACI's proven experience in supporting emerging immediate payments schemes across the globe, UP Immediate Payments for TCH and Zelle Networks enables you to move to real-time on your own timeline.

GAIN A COMPETITIVE, REAL-TIME EDGE

UP Immediate Payments helps you get a jumpstart on delivering profitable, cross-channel, real-time capabilities with pre-packaged cloud offerings for both TCH and Zelle Network. The solution offers:

- **Flexible product packaging options:** From consumer budgeting tools, funds alerts and mobile app features to business-centric payment confirmations and reporting features, UP Immediate Payments offers the flexibility to deliver the right real-time features to the right customers at the right time.
- **Global, multi-scheme connections made easy:** As with all new payment models and innovations, organizations require the ability to move at a pace consistent with their unique business strategy. UP Immediate Payments enables connectivity to any immediate payments scheme with a single deployment, either on premise or in the cloud, providing the flexibility for you to choose your strategic approach to a market on your own timeline.

“ WE ARE EXCITED TO HAVE ACI JOIN THOSE SUPPORTING OUR REAL-TIME INITIATIVE... MANY OF OUR MEMBERS AND CUSTOMERS RELY ON ACI SOLUTIONS.”

- **Real-time visibility:** ACI provides the capabilities to seamlessly manage immediate payments operations and simplify payments management. Our services help you gain actionable insights from real-time business intelligence reports and tracking, respond to the inevitable instances in which immediate payments fall into an exception path and provide better control for settlement positions with liquidity monitoring.

REAL-TIME EXPERIENCE FOR THE REAL WORLD

ACI Worldwide is helping define and drive immediate payments schemes around the world. We provide Faster Payments processing solutions to over half of the U.K. direct members, in addition to supporting Singapore FAST and the upcoming New Payments Platform in Australia. Top ACI executives not only serve on the ISO 20022 Real-Time Payments Group and the payments and security task forces for the U.S. Federal Reserve faster payments initiative, but ACI also currently chairs The Rules Committee of the IPFA.

Our experts can help you determine the best path forward as you consider your approach to immediate payments. We have the real-world, real-time experience you need to ensure your move to immediate payments is a success.
