## OUR MISSION

ACI will lead the transformation of the global payments software ecosystem to a real-time, any-to-any paradigm built on acclaimed intellectual property and delivered in the cloud by a team of highly dedicated and innovative payments professionals committed to our customers' success.

# THE ACI VISION: REAL-TIME, ANY-TO-ANY PAYMENTS

ACI Universal Payments<sup>®</sup> — UP<sup>®</sup> — empowers organizations with end-to-end enterprise payment capabilities, accelerating time to market, reducing risk, growing revenues and controlling costs. UP is at the core of ACI's strategy to enable real-time, any-to-any payments. It is a set of technologies and a framework that orchestrate all aspects of payments processing for any payment type, any channel, any currency and any network. Combined with ACI's leading solutions, UP delivers an innovative architecture that bridges existing systems and future needs.

## ACI WORLDWIDE AT A GLANCE

ACI Worldwide, the Universal Payments company, powers electronic payments and banking for more than 5,100+ financial institutions, intermediaries, retailers, billers and processors around the world.

We have more than 40 years of payments expertise and customers in 80+ countries, including:

- 18 of the top 20 banks worldwide
- 300+ leading retailers globally
- 4,000+ organizations utilizing our electronic bill payment solutions
- 370+ organizations preventing fraud through our payments risk management solution

Our broad and integrated suite of electronic payment software solutions enables payments processing for:

- 125+ billion consumer transactions each year
- \$14+ trillion in payments and securities transactions each day
- \$117+ billion in electronic bill payments each year

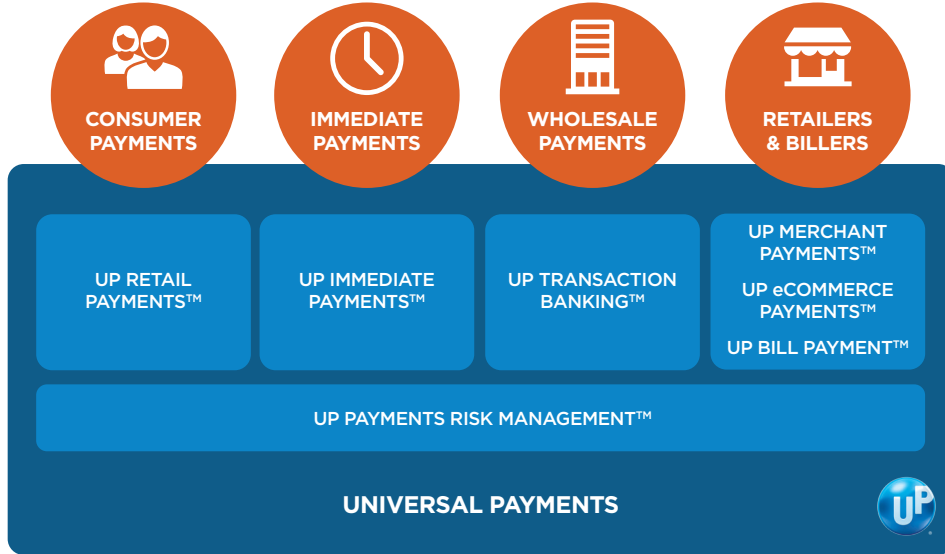

Through our state-of-the-art data centers, we support:

- More than 4,200 customers in the ACI cloud globally
- 24x7x365 monitoring and support

Our global technical support team of more than 300 individuals delivers:

- 24x7x365 technical support for ACI software in production
- Customer assistance through web, phone and email
