

Automate and Orchestrate Back-Office Functions

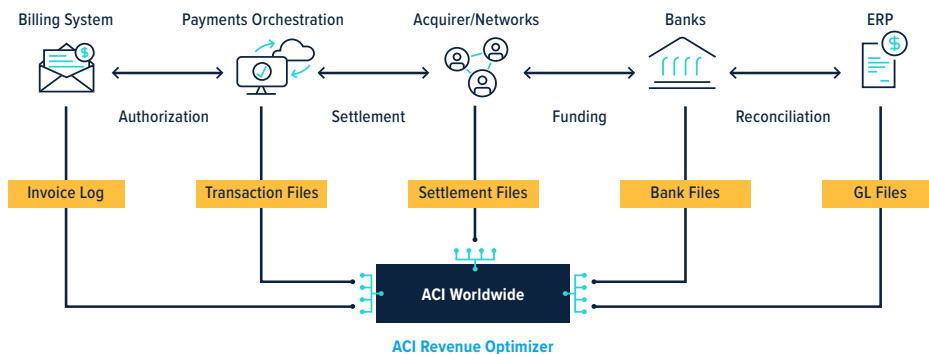

ACI® Revenue Optimizer™

Digital transformation isn't just for consumer-facing services. Automating back-office functions can lead to greater financial accuracy, speed, performance and control.

With ACI® Revenue Optimizer™, you can consolidate and automate back-office functions to track, manage and account for money end to end, all while optimizing the financial health of your business by detecting and fixing revenue leakage, mitigating payment incidents and ensuring audit readiness.

Perform multiway reconciliation across merchant billing and ACI payments orchestration platform data, acquirers' settlement files, bank statements and more.

- Make matching transactions fast and effective
- Have a consolidated view of payment workflows and reporting
- Scale operations without the need to scale teams with flexible automation

Growing payment methods and a multi-acquiring payments strategy adds complexity to reconciliation, but it doesn't have to remain a pain point in your business.

OPTIMIZED OPERATIONS

- Drastically lower your operational efforts and IT costs with zero code data orchestration
- Ensure data integrity and accuracy while securely storing your financial data in a PCI-DSS-compliant platform

OPTIMIZED ACCURACY

- Drastically reduce revenue leakage across business cycles by seamlessly matching, validating and reconciling transactions in seconds

OPTIMIZED INSIGHTS

- Track money movement across payment channels and get actionable insights, including fees and commissions, payouts, approval rates and more

OPTIMIZED ACCOUNTING

- Single source of truth and a consolidated view
- Be audit ready

ACI Worldwide is a global leader in mission-critical, real-time payments software. Our proven, secure and scalable software solutions enable leading corporations, fintechs and financial disruptors to process and manage digital payments, power omni-commerce payments, present and process bill payments, and manage fraud and risk. We combine our global footprint with a local presence to drive the real-time digital transformation of payments and commerce.
